

Today, we invited Cameron, a supervisor of our middle school, to come in the English classroom and to speak about his career.

The Ambiance :

The dialogue between us and him was extremely cool and fluid. The class asked a lot of questions and Cameron answered with some difficulties. Often, he hesitated.

The Text :

Cameron Gregory Ring was born in England more precisely In Northampton. He doesn't have girlfriend, He is right-handed and he loves cats. Mateusz is his friend.
